### NATIONAL physical therapy month

October is National Physical Therapy Month and the perfect time to focus on physical activity and all the benefits it brings. Movement is crucial to independence, and regular physical activity benefits your physical, mental, and social health. For those recovering from injury or learning to live with physical limitations, physical therapists can help identify, diagnose, and treat movement problems. Seeing a physical therapist can help you:

- Manage pain & other chronic conditions
- Recover from injury
- Prevent & reduce the risk of future injury

The Therapy Department at Snyder Village offers not only physical therapy, but occupational and speech therapy as well. Out-patient services are offered to the Snyder Village campus and the surrounding community, and in-patient services are available if needed.

**Snyder Village Therapy (309) 367-4300 ext. 101**

## A Note from the Executive Director

First of all, thank you to everyone who supported Sandy and I with your donations to our "Ride for the Residents". It was a thrill to exceed our \$100,000 goal for which we are so grateful! The monies raised go to the Resident In Need Fund, which helps us meet the needs of residents who exhaust their resources. Snyder Village is so blessed!!

Secondly, I want to thank everyone who participated in our Village Market and/or Benefit Online Auction by volunteering, attending, or purchasing item(s). Your support is so truly appreciated! The money raised is also for our Resident In Need Fund.

It's that time of year again when we're preparing our budget for next year, so if you have any suggestions, please see Janelle or me.

Blessings,

*Keith*
