### **MIKE BROWNFIELD**

Mike introduced all his maintenance staff. He also stated what their position is with maintenance. It was good to meet all the various staff that take care of Snyder Village.

Faye is also back and could use any help you would like to give with the flowers.

The new preventative maintenance program is underway and seems to be working out very well. Staff is spending approximately an hour in each cottage completing their checklist and looking for items that need repair. Most items are being taken care of during the visit or soon after. As a reminder, our staff will contact you to schedule your visit the Wednesday before we plan on being in your area. Staff can comfortably complete ten visits per week, leaving time to work on other projects.

As some of you have noticed, staff has removed the planting areas on Fairview and Ashland Circle. Later this week, staff will begin rebuilding those areas preparing for the spring planting days. Our goal is to freshen up a couple of planting areas every year.
